

2022 *SpeakUpMC*

Student Sexual Violence Climate Survey Results

1,230 students
(7.8%) participated
in the online survey in 2022

82.4% of respondents
believe MC officials would take the
report seriously, respond promptly to
address the issue, protect the
reporting party, and provide support
services

**"I feel safe on
campus."**
87.1% of respondents
strongly agree or agree
with this statement

**Respondents who experienced sexual misconduct
most likely experienced sexual harassment, stalking,
or sexual exploitation**

**"I know where
to report sexual
misconduct."**
59.2% of respondents

81.6% of students
have not experienced unwanted
sexual violence or contact since
coming to Montgomery College

The survey indicates that MC has a culture of respect where students feel empowered to speak up against sexual violence, to intervene in inappropriate situations, and to create an environment where survivors are supported.

Building a culture of respect
